Is there anything about you that your future partner would want to know before becoming involved with you?  Yes     No    I can't speak English and am hoping to meet a person who can speak Japanese. I'm not good at studying and it might take time, but if you can teach me slowly with patience, I'll be glad. Also, I'm sorry, but I hope you are not overly concerned about keeping everything super clean or that you get overly demanding and nervous about small things. I want an easy going and loving relationship. I love dogs, so, I'm looking for a dog lover and a man who likes animals and children.

What are your hopes and plans for the future? I'd like to live in Japan continuously. Hopefully in Kanto, like Tokyo, Kanagawa, Chiba or Shizuoka. If you need to move somewhere else, even to overseas, of course, I'll go together.

What message would you like to send to your future spouse? I'm not so smart, not from a wealthy family, just normal. But, I have lived in a family that is thankful and my parents gave me a lot of love. I surely would like to raise our children together with a lot of love. I'm dreaming, so, I'm hoping to communicate by LINE or Email as start.
